SKIN & FORMULATION 4th SYMPOSIUM

4 - 5 JUNE, 2012

LYON CONGRESS CENTER
LYON - FRANCE

The Lyon Convention Centre is ideally situated in the heart of the city overlooking the Botanical Garden of 8 hectares with its 15,000 types of plants.

It is a pleasure for us to announce the upcoming "Skin & Formulation, 4th Symposium" co-organized by the APGI and the European Centre of Dermocosmetology (CED) on 4 – 5 June, 2012, in the beautiful city of Lyon (France), city recognized by the UNESCO as part of the world heritage.

The Skin and Formulation Symposium has been organized in Paris (2003) and Versailles (2006 and 2009). In 2009 we were pleased to welcome more than 300 attendees and around 160 posters were presented. These symposia have provided a unique discussion forum between pharmacists, biologists, chemists and physicians on the interactions between the skin and formulations applied to it. The various aspects of the topical and transdermal applications of pharmacologically and cosmetically active compounds were presented and discussed.

The Symposium programme will treat advances in topical formulations for improved skin delivery and will include the following topics:

- Recent advances in biophysical techniques
- Skin structure and biology
- In silico, in vitro, and in vivo evaluations
- New carriers for controlling topical drug delivery (raw materials: pharma and personal care, formulation, physical characterization)
- Active transdermal drug delivery
- Skin – dermatologist's perspective

There will be a mixture of plenary invited lectures and short communications selected from the abstracts received from young researchers so to have more topics presented. An exhibition will be organized in the poster-lunch/coffee break area. You can find information about exhibition and sponsoring possibilities on our website www.apgi.org.

We are all looking forward to meeting you in this very typical French city!

CHAIRS

Dr Bolzinger, Marie-Alexandrine, University Claude Bernard Lyon 1, France
Dr Bouvier, Dominique, European Centre of Dermocosmetology (CED), France
Prof Siepmann, Juergen, University Lille Nord de France, France

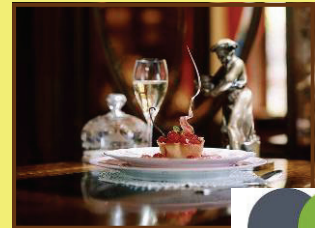

SCIENTIFIC COMMITTEE

Dr Bochot, Amelie, University of Paris-Sud, France
Dr Bourgeois, Sandrine, University Claude Bernard Lyon 1, France
Prof Briançon, Stéphanie, University Claude Bernard Lyon 1, France
Prof Fattal, Elias, University of Paris-Sud, France
Dr Jannin, Vincent, Gattefossé, France
Dr Philippe Msika, Laboratoires Expanscience, France
Dr Piel, Geraldine, University of Liège, Belgium

List to be completed
